02 / PURPOSE & VALUES

A clear purpose. Shared standards.

OUR VISION

To be a leading construction company in Somalia, recognised for high standards and strong, durable structures that contribute to community development.

OUR MISSION

To deliver comprehensive construction services that meet client expectations through quality workmanship, competitive pricing and a commitment to safe, timely delivery within agreed budgets.

CORE VALUES

01 Performance
Focus on reliable delivery and project outcomes.

02 Excellence
Aim for high standards of workmanship.

03 Customer satisfaction
Keep client needs at the centre of each project.

04 Innovation
Seek practical solutions to construction challenges.

05 Integrity
Build relationships through honesty and responsibility.

03 / SERVICES

Construction & design.

From the building structure to the details that make a space functional.

01 Civil construction

Construction work spanning structural building works and finishing, with an emphasis on durable results, workmanship and appropriate materials.

02 Design services

Customised design solutions that address appearance, function and applicable requirements while supporting the client's vision and project goals.

Project support. Practical solutions.

Coordinating construction delivery, project advice and cost planning.

03

Construction project management

Planning, budgeting and on-site supervision across the phases of a construction project, with a focus on timely completion and quality standards.

04

Consultancy & implementation

Project consultation and hands-on implementation, coordinating resources and project activities to support outcomes aligned with client objectives.

05

Cost estimation

Preparing construction cost estimates to support project budgeting, resource planning and informed decisions on materials and building works.

Together, these services support projects from design and planning through implementation. Project management, consultancy and cost estimation help clients coordinate resources, plan budgets and align construction activities with their objectives.

04 / SECTOR EXPERIENCE

Spaces for living, learning & care.

Construction experience across residential, healthcare, hospitality and education sectors.

01 Residential buildings

MOGADISHU

Residential construction balancing style, everyday function and durability.

02 Healthcare facilities

HOSPITALS AND CARE INFRASTRUCTURE

Building works that support healthcare facilities and the communities they serve.

03 Hospitality

HOTELS

Hotel construction with an emphasis on finish, appearance and functional spaces.

04 Educational facilities

SCHOOLS AND UNIVERSITIES

Construction of school and university buildings that support teaching, learning and institutional needs.
